

WOODOO TALES

123 Tactical Reconnaissance Wing

Kentucky Air National Guard

VOL IV No. 14

CAMP EDITION

17 June 1970

DANGER IN THE POL AREA: The base safety officer reports that there is a serious problem in the POL area. The area in question is near buildings 195, 196 and 199 bounded by fences. All non-POL vehicles must abide to the posted speed limit and stay in the clearly marked area. Non-POL vehicle parking in the area is strictly prohibited. Parking is available beside building 118. There is absolutely no smoking in the area. This includes smoking while driving through the area. Your cooperation is essential in order to prevent a serious mishap.

DUDUKOVICH PLANS RECREATION PLCS: Summer camp has traditionally been a place where military personnel put in a eight hour day, and a frenetic night. Many try to force into a two week encampment a life that would daze the most flamboyant of people. Midnight revelries are more the rule than the exception. Just as there exceptions to every grammatical rule there are also exceptions to rules of human behavior. Three such exceptions are MSGt. Mike Dudukovich, MSGt Cowboy Engle and TSgt Clyde Campbell. Dudukovich and Campbell are in charge of GMT which includes security briefings, forms of testing and other related fields. MSGt Engle is in charge of ground safety. These men organize and head up the rifle range at summer camp. They are responsible also in an unofficial capacity for base recreational facilities. They have shouldered this responsibility because of their concern for the well being of themen. Foremost among these facilities is the dayroom located in building 226 which features two pool tables, two ping pong tables and ten card tables all free of charge. There will also be a series of first run movies starting tonight at the base theatre. There will also be organized softball, football and tennis if enough people show an interest. A notice to this effect is presently circulating in each unit orderly room. We would like to congratulate SGTs Dudukovich, Engle and Campbell for their initiative and drive in these recreational areas. We encourage all airmen and officers who want more out of summer camp than an occasional trek into town to take advantage of the available facilities.

ATTENTION SAMSON ***** PICK UP YOUR TICKETS TO HAIR !!!!

HAPPY ANNIVERSARY ARETHA AND BEN FRANKLIN.....

SAVANNAH CHAMBER OF COMMERCE BROCHURES: A great deal of interest has been elicited in the city of Savannah since the historic profile in yesterday's edition of the ~~Woodoo~~ Tales. In response to this, brochures of the city and its attractions were obtained by the staff of the "Tales" from the Savannah Chamber of Commerce. These brochures have been distributed in conspicuous points throughout the base -- the mess hall, Headquarters Building, and base Ops. Places of particular interest in the city are Fort Pulaski, the cobblestone riverfront with scores of interesting little restaurants and shops, Forsythe Park, Fort Jackson, and all kinds of antebellum architecture. If a weekend trip is in the offing one need go no further than Jekyll Island, just five miles from Brunswick, where golfing, fishing, dancing and nostalgic walks are the order of the day. For further information contact the Office of Information or the Savannah Chamber of Commerce.

WEATHER REPORT: 30% chance of rain today, tonight and tomorrow. Today's high will be in the mid 80's with humidity in the low 70's. In general it should be a good day for all activity.

DO YOU THINK NATALIE WOOD?? WHAT WOULD GARY GRANT?? DOES TUESDAY WELD??

AMERICAN RED CROSS THANK YOU LETTER TO COL YAHNE: The American Red Cross has sent a very complimentary letter to Wing Commander Colonel Verne Yahne for this units participation in the bloodmobile blood drive last month. A total of 183 pints of blood were collected with 17 willing volunteers having to be postponed at this time. This is a record all of the men can be proud of.

FIREWORKS AT THE NCO CLUB: Rumor has it that fireworks of sorts have and will be scheduled at the NCO CLUB each and every night.

DISTRIBUTION OF VODOO TALES: THE Voodoo Tales will be available each day in the mess hall at the noon time meal. If you plan not to eat that meal have a buddy pick up you a copy. Copies will also be available in the Wing Headquarters Building #510.

WATER TEMPERATURE AT THE BEACH IS 76 DEGREES.

AN ADDITIONAL REMINDER: THE MAIN means of distributing information to you as an individual isthrough your unit Bulletin board. Read it at lesst twice a day. You are responsible for anything which might appear on it that concerns you.

CARE OF TRAVIS FACILITIES: By now all of us has been inconvenienced in one way or another by the condition this base was left in after the departure of the last Guard Unit. Think of those that have to come to this place after us. Take care of all the facilities. This includes little things like refraining from parking on the grass.

PARADE AND AWARDS CEREMONY THIS SATURDAY: Governor Louis B. Murphree, State Adjutant General Larry Dawson and local Georgia dignitaries are planning to attend the parade and awards ceremony to be held this Saturday June 20th at 10:00 am. To receive awards are Col. Robert Hendricks, Lt. Col. Fred Bradley, Lt. Col. Richard Frymire, Lt. Col. William Semonin, Maj. Winfred Appleby, Maj. Carl Black, Major John Conaway, Maj. Robert Mansfield, Captain Condit Dow, Capt. Stephen Riley, Capt. Edgar Schuls, SMSgt. Walter Carter, SMSgt. Clarence Napier, SMSgt. Raymond Price and MSgt. Eslie Black.

CHAPEL SERVICES: Catholic services will be conducted at 1115 hours, Monday thru Friday at the Base Chapel.

AS EVERYONE KNOWS, the weather here at Travis Field for the past couple of days has been less than satisfactory. There is an interesting phenomenon that seems to be occurring that I thought I would pass on to you. In the past couple of days in has not rained a drop at Savannah Beach. Thirty miles makes a lot of difference near the beach. I fact there are people who swear that the clouds just hover over Travis Field in order to make us miserable. So if it is cloudy or even raining, don't assume that the skys are the same at the beach. It might just as well be sunny and clear.

THE ART OF LOVE: No I not going to write anything bewdy, that just happens to be the name of the movie at Dudukovich's flick house. It stars Dick Van Dyke and a host of others. The price of admission is a mere 35¢ (cheap). The film starts rolling at 1900 hours to-night (Wednesday) at the base theatre.

VOODOO TALES is the official newspaper of the 123d Tactical Reconnaissance Wing, Kentucky Air National Guard. The staff include Major Donald Armstrong, Sgt. Dave Robertson, Al C. Mike Williams, Al C. Urey Smith and your most humble editor Al C. Edward W. Tonini. The opinions express sed herein do not necessarily represent those of the Kentucky Air National Guard or the United States Air Force.
